DOT number: Not declared

CARRIER

Carrier identity: Not declared
MC number: Not declared
DOT number: Not declared

Equipment type	Loaded distance	Empty deadhead	Total distance
Dry Van	**95 Miles**	**12 Miles**	**107 Miles**

Itemized estimate

Charge item	Rate / basis	Amount (USD)
Base linehaul freight charge	$2.34 / loaded mile	$222.66
Calculated diesel fuel surcharge	$0.588 / loaded mile	$55.88
Facility Detention	1.5 hr(s) beyond standard 2-hr free time @ $75/hr	$112.50
Total draft estimate	**Effective loaded RPM: $4.12 / mile**	**$391.04**

Fuel and accessorial amounts are calculator outputs from the opened snapshot. Their inclusion does not confirm a service was performed, an index is current or a charge was accepted.

Detention beyond assumed free time
1.5 hours

Layover
0 days

Lumper fee input
$0.00

Additional delivery stops
0

Hazmat adder requested
No

Tarping requested
No

Continuous reefer temperature control requested
No

Draft terms and assumptions for discussion

Equipment suitability and legal cargo transport require confirmation by the responsible parties. Discussion values for commercial auto liability are $1,000,000 and cargo insurance $100,000. These values are draft context; verified coverage and agreed insurance requirements are not recorded.

The calculator treats declared detention hours as billable hours beyond an assumed two-hour free period. Origin and destination free time and actual detention charges require agreement. The inputs above show the hours used in this estimate.

Restrictions on double-brokering or unauthorized re-brokering and any proposed effect on compensation require separately reviewed terms. This draft records no agreement, certification, signature or forfeiture of carrier pay.
